**Notice of Public Meeting and Opportunity to Comment
on Proposed Population and Water Demand Projections to
Update the Region H Regional Water Plan
April 17, 2009**

The 15-county Region H Water Planning Group (RHWPG) is preparing an updated Regional Water Plan which will be submitted to the Texas Water Development Board (TWDB) in 2011. The TWDB will consolidate the reports from the 16 Regional Water Planning Areas and report to the Texas Legislature not later than January 2012.

The 2011 Regional Water Plan will be based on population and water demands prepared by the Texas Water Development Board for use in the 2006 Water Plan. In a limited number of cases, the 2006 projections will be revised to reflect documented changed conditions. Water User Groups (WUGs) have previously been contacted to review the projections for their areas. A summary of the proposed projected population and water demands for area WUGs can be found at the RHWPG website (www.regionhwater.org).

In accordance with rules of the Texas Water Development Board, the RHWPG will receive comments from the public on the proposed population and water demand projections during its regular meeting to be held at 10:00 a.m., May 6, 2009, at the SJRA offices, 1577 Damsite Road, Conroe, Texas. Action on the proposed projections may be taken at that meeting. Comments may also be submitted by mail to the SJRA at the address below. Comments and documentation of requested changes must be received by May 21, 2009.

Reed Eichelberger, PE, General Manager
San Jacinto River Authority
P.O. Box 329
Conroe, Texas 77305-0329

The current (2006) Region H Water Plan and draft materials for the 2011 Plan are available on the RHWPG website at www.regionhwater.org. The 2006 Plan is also available on the TWDB website at www.twdb.state.tx.us.
